

INSPIRATION

Veneering ceramic

INSPIRATION is a safe and modern 2-phase leucite glass ceramic with a maximum firing temperature of 900 °C.

The perfectly balanced transparency and fluorescence enable the reliable reconstruction of natural teeth as metal-ceramic crowns and bridges using conventional ceramic bonding alloys with a CTE value of 13.8 bis 14.8 x 10⁻⁶K⁻¹ (25 – 500 °C). Optimally matched to the high-gold and reduced-gold PLATINOR[®] ceramic bonding alloys as well as the ECONOR[®] palladium-based ceramic bonding alloys.

The veneering ceramic INSPIRATION knows to convince through:

- High colour brilliance, high translucency and depth effect due to the microcrystalline structure
- Minimal firing shrinkage in occlusal as well as interdental areas. Even large ceramic bridges will generally succeed with only a few main firing cycles.
- Very good modelling properties
- Excellent firing, form and edge stability
- No long-term cooling
- Easy layering and safe processing

For dental technicians who require additional individuality, CTI materials (chroma intensified, translucent individual masses) provide just the right conditions.

For more information, please contact us directly or go to www.heimerle-meule.com

INSPIRATION starter set		7762 3 001	109.00 €
Opaquer paste	4 g		
Opaquer dentin A3	12 g		
Dentin A3	12 g		
Enamel material 2	12 g		
Enamel effect light blue	5 g		
Transparent material clear	12 g		
Transparent neck material orange	5 g		
Glazing paste	5 g		
Opaquer liquid	20 ml		
Modelling liquid N	30 ml		
Glazing liquid	20 ml		

Basic assortment		7762 3 002	2,079.00 €
18 x opaquer paste	4 g		
3 x opaquer paste shade	4 g		
21 x opaquer dentin	20 g		
18 x dentin	20 g		
1 x gingival mask dark	20 g		
4 x enamel material	20 g		
1 x enamel effect light blue	20 g		
2 x transparent material	20 g		
2 x transparent neck material	20 g		
1 x glazing paste	5 g		
1 x opaquer liquid	30 ml		
1 x modelling liquid N	50 ml		
1 x glazing liquid	30 ml		

Staining assortment		7762 3 006	363.00 €
10 x staining paste	3 g		
4 x shade, fluorescent	3 g		
1 x glazing liquid	20 ml
